EXECUTIVE DIRECTOR REPORT:

Ann Fangmann provided the members with an update on the following:

- **Garvies Point:** RXR has submitted a draft IDA application for a PILOT covering the 71 additional units for Blocks E&F; subject to recent PUD Amendment approval by the Planning Board-more to come. Tentative dates in September for a special IDA meeting and potential public hearing for the project have been identified, with the evening of September 13th for the special meeting.
- **The Villas (Livingston):** As the Board members likely recall, the IDA approved a change in equity ownership of the project, with Daniel Livingston the role of Project Manager. He has now approached the IDA with the request for a two (2) step process, with the entity to be controlled by Manoj Narang closing on its shares first before MBI. MBI would close on their shares at a later date. While the request has changed yet again, IDA staff do not feel it is problematic. It is being brought to the Board's attention to let us know if there is any concern. On-site construction has been self-financed by Livingston up to this point and work has stalled.
- **UTEP:** From 2019-2021, the Agency participated in an audit by the NYS Comptroller's Office. The findings report was released last year. One of the State's major findings was that our Unified Tax Exemption Policy (UTEP) is lacking. One result of the Agency's current UTEP (which only cites the PILOT schedule from 485-b of statute), is that the Agency has deviated on all projects in recent history. After performing a cursory review of the UTEPS of the seven (7) other Long Island IDAs, all appear to have a more robust framework for different types of projects that may be undertaken by the Agency. At this time, recommend forming an ad hoc committee to review our

current UTEP and others to develop a more comprehensive policy for the Agency. Please let the Executive Director know if you are interested in joining this committee and effort.

FINANCE REPORT:

Chairperson Panzenbeck advised the members that the Finance Committee (Vice Chair Hartley, Tom Hopke and John Fielding) met on August 4th to review the draft budgets with Margo and Ann. At this time the Finance Committee authorizes the CFO to present the members with a comprehensive overview of the IDA and LEAC Fiscal Year 2023 budgets.
